TABLES

SHOWING THE

ESTIMATED AVERAGE PRODUCE

OF

THE CROPS

FOR THE YEAR

1870;

AND THE

EMIGRATION FROM IRISH PORTS,
FROM 1ST JANUARY TO 31ST DECEMBER, 1870;
ALSO THE NUMBER OF MILLS FOR SCUTCHING FLAX
IN EACH COUNTY AND PROVINCE.

Presented to both Houses of Parliament by Command of Her Majesty.

DUBLIN:

PRINTED BY ALEXANDER THOM, 87 & 88, ABBEY-STREET,
FOR HER MAJESTY'S STATIONERY OFFICE.

1871.

<i>Estimated Average Produce of the Crops:—</i>	
Observations on the mode of Collecting the Returns of Produce in Ireland,	3
Increase or Decrease in the Acreage under Crops in 1870,	3
Increase or Decrease between 1869 and 1870 in the Estimated rate of Produce per Statute Acre,	3
Increase or Decrease in the Estimated Total Produce of the Crops in 1870,	3
Extent of Land under each of the principal Crops in 1869 and 1870, and the Increase or Decrease in 1870,	4
Estimated Produce per Statute Acre of the principal Crops grown in 1869 and 1870, and the Increase or Decrease in the latter Year,	4
Estimated Total Produce of the principal Crops grown in 1869 and 1870, and the Increase or Decrease in the latter Year,	4
Average Yield of the principal Crops, by Counties, Provinces, and for all Ireland, in 1869 and 1870,	5
Extent under each of the principal Crops, the Estimated Total Produce, and the Average Yield per Acre, for all Ireland, for each Year, from 1851 to 1870,	6
Meteorological Observations for the Year 1870,	6-7
<i>EMIGRATION:—</i>	
Number of Emigrants from each Province, and of Emigrants who belonged to other countries,	7
Number of Emigrants, from the 1st of May, 1851, to the 31st of December, 1870; and the proportion per cent. of Emigrants from each County and Province, to the total Emigration,	8
Number and Ages of Emigrants from each Province, and from all Ireland, during 1870; also of persons belonging to other countries, who embarked at Irish Ports in the same Year,	9
SOUTCHING MILLS:—by Provinces and for all Ireland, from 1869 to 1870,	9

TABLES.

Estimated Average Produce of the Crops:—

The quantity of Cereal Produce in "Quarters;" also of Potatoes in Tons, and the Total Acreage under Crops, in the years 1869 and 1870, by Counties and Provinces,	10-11
Acreage under the principal Crops,—the estimated Average Produce per Statute Acre,—and the Total Produce, in 1847, and from 1849 to 1870, inclusive,	10-11
Average Produce of the Crops per Statute Acre; and the Estimated Total Produce by Counties and Provinces, in 1869 and 1870,	12-15
Acreage under the several Crops by Counties and Provinces, in 1869 and 1870,	12-15

GENERAL AVERAGE, showing the AVERAGE under the several CROPS, in SEVERAL MEASURES; the TOTAL PRODUCE of each CROP in TONS; and the INCREASE or DECREASE in the PRODUCE between 1869 and 1870, by PROVINCES, and for all IRELAND,	10
--	----

EMIGRATION:—

Number of Emigrants, and their Sex, who left the different Ports of Ireland during each month of the year 1870,	17
“ Emigrants, and their Sex, from every County and Province during each month of the year 1870,	18-19
“ Emigrants, and their Sex, from each County and Province, and the Ports at which they embarked, in the year 1870,	20-21
Number and Ages of Persons under one year, and one year old and upwards, in quinquennial periods, who Emigrated from the several Counties, in 1870,	22

SOUTCHING MILLS:—

Number of Soutching Mills, Locality, Number of Stocks and Hurdles in each Mill, and also the number of Weeks each Mill was at Work from 1st June, 1868, to 31st May 1870,	23-45
Copy of the Form used in collecting the Returns of Soutching Mills,	46-47

Copy of the Circulars and Forms used in obtaining the Average Yield per Acre,	47-48
Copy of the Form used in taking the Returns of Emigrants at the different Ports of Ireland,	48

AGRICULTURAL STATISTICS, IRELAND.

THE ESTIMATED AVERAGE PRODUCE OF THE CROPS:

ALSO,

THE EMIGRATION FROM IRELAND

IN THE YEAR 1870,

AND THE

NUMBER OF MILLS FOR SCUTCHING FLAX IN EACH COUNTY AND PROVINCE.

TO HIS EXCELLENCY JOHN POYNIX, EARL SPENCER, K.G.,

LORD SECRETARY-GENERAL AND GENERAL GOVERNOR OF IRELAND.

Es. Es. Es.

MAY IT PLEASE YOUR EXCELLENCY,

On the 10th of August, 1870, I had the honour to submit a Return of the acreage under Flax in 1869 and 1870, and on the 30th of the same month, General Abstracts, showing by Counties and Provinces, the acreage under the various crops, and the number of live stock in Ireland in 1870, and also the emigration from Ireland during the first seven months of the same year. I now beg to bring under your Excellency's consideration, Tables which give the *estimated average produce* of the principal crops; and the total emigration from this country in 1870.

The Tables relating to the *average produce* of the crops per acre have been carefully compiled as in former years, from information obtained by members of the Royal Irish Constabulary and Metropolitan Police Forces, from practical farmers, and others conversant with the yield in the electoral division for which the Return was made. The names and residences of the parties affording the information are given on the forms by the Enumerators.

Copies of the Returns were forwarded by me to the Chairman and Board of Guardians of each Union for revision, and I have the satisfaction to state, that out of the entire number of electoral divisions (3,438), the Returns for 2,747 have been revised by the Guardians.*

Made of collecting the Returns of Produce.

The areas under each of the principal crops as published last August in the "General Abstracts" have since been carefully revised, and the corrected totals used in the present calculations.

The acreage under crops in 1870 as compared with 1869, shows, that Barley increased by 19,574 acres, bere and rye by 614 acres, potatoes by 1,681, turnips by 16,987, mangel wurzel by 4,270, cabbage by 2,714, and hay by 102,135 acres. Wheat decreased by 20,613 acres, oats by 33,201, and flax by 34,342 acres.

The crops which give an increased *estimated average produce* per acre in 1870 compared with 1869 are—wheat 0·3 cwt., oats 1·2 cwt., rye 0·7 cwt., potatoes 0·8 ton, mangel wurzel 0·2 ton, cabbage 0·2 ton, flax 4·7 stones, and hay 0·1 ton. The crops which show a decrease in the *estimated average* acreable yield are—bere 0·7 cwt., and turnips 0·7 ton.

In the *estimated total produce* of the principal cereal crops there is an increase of 628,456 quarters. In oats the increase is 586,130 quarters. Barley has increased by 81,377, and rye by 3,096 quarters. Wheat has decreased by 41,961, and bere by 186 quarters. In potatoes there is an increase of 846,013 tons, in mangel wurzel the increase amounts to 58,868 tons. Cabbage has increased by 32,638 tons, flax by 1,202, and hay has increased by 345,737 tons, owing chiefly to a large average. In turnips there is a decrease of 23,270 tons.

* Copies of the forms and schedule used in obtaining the information are given at pages 47 and 48.

The average under Crops, and estimated average produce in 1869 and 1870. The acreage under the principal crops in 1869 and 1870, and the increase or decrease in the latter year, are given in Table I.; the *estimated average produce* per acre and the *total yield* are shown in Tables II. and III.; a comparison of the *average produce* of the crops per acre in each county and province in 1869 and 1870 is given in Table IV.; and in Table V. the extent under the principal crops, the total produce, and the *estimated average yield* per acre, are exhibited for each year from 1851 to 1870, inclusive.

TABLE I.—The total acreage under each of the principal Crops in 1869 and 1870, and the increase or decrease in the latter year.

Crops.	Extent Cultivated In.		Increase or Decrease in 1870.	
	1869.	1870.	Increase.	Decrease.
	<i>Acres.</i>	<i>Acres.</i>	<i>Acres.</i>	<i>Acres.</i>
Wheat,	280,400	255,847	.	20,013
Oats,	1,685,240	1,630,039	.	35,901
Barley,	221,710	241,284	19,574	.
Born and Rye,	11,183	11,797	614	.
Potatoes,	1,041,900	1,045,583	1,681	.
Turnips,	312,073	330,039	16,967	.
Mangel Wurzel,	31,020	35,320	4,300	.
Cabbages,	33,365	34,979	2,714	.
Flax,	229,363	194,910	.	34,343
Hay,	1,670,716	1,379,851	102,135	.
Total Increase,			57,619	

TABLE II.—The *estimated average produce* per statute acre of the principal Crops in 1869 and 1870, and the increase or decrease in 1870.

Crops.	Produce per Acre.		Increase or Decrease in 1870.	
	1869.	1870.	Increase.	Decrease.
Wheat, in Oats,	11-9	12-3	0-3	.
Oats, " " " " " " " "	11-5	12-3	1-9	.
Barley, " " " " " " " "	15-5	16-5	.	.
Born, " " " " " " " "	15-9	16-3	.	0-7
Rye, " " " " " " " "	10-6	11-3	0-7	.
Potatoes, in Tons,	3-2	4-0	0-8	.
Turnips, " " " " " " " "	12-8	11-6	.	0-7
Mangel Wurzel, in Tons,	12-5	12-7	0-2	.
Cabbages, in Tons,	9-6	9-8	0-2	.
Flax, in Stones of 14 lbs.,	30-6	25-3	4-7	.
Hay, in Tons,	1-3	1-9	0-1	.

TABLE III.—The *estimated total produce* of the principal Crops grown in 1869 and 1870, and the increase or decrease in the latter year.

Crops.	Estimated Produce.		Increase or Decrease in 1870.	
	1869.	1870.	Increase.	Decrease.
	<i>Quarters.</i>	<i>Quarters.</i>	<i>Quarters.</i>	<i>Quarters.</i>
Wheat,	794,932	754,261	.	41,961
Oats,	6,973,173	7,530,303	556,130	.
Barley,	923,483	1,034,080	81,577	.
Born,	12,388	12,902	.	108
Rye,	24,982	26,078	3,096	.
Potatoes,	3,373,433	4,318,445	945,012	.
Turnips,	3,264,679	3,941,402	.	25,270
Mangel Wurzel,	163,900	321,368	58,368	.
Cabbages,	310,075	342,713	32,638	.
Flax,	39,569	30,771	1,302	.
Hay,	3,689,707	3,383,444	345,737	.

ESTIMATED AVERAGE PRODUCE OF THE CROPS IN 1870.

5

TABLE IV.—The average acreable yield of the principal Crops in 1869 and 1870, by Counties and Provinces. *Assessable yield of the Crops in 1869 and 1870.*

Meteorological observations.

METEOROLOGICAL OBSERVATIONS.

In connection with the Agricultural Statistics, I beg to give the following abstract (Table VI.) of the Meteorological Observations registered at the Ordnance Survey Office, in the Phoenix Park, during the year 1870, for which I am indebted to the courtesy of Major Wilkinson, R.E.

The barometer stood highest in 1870, on the 10th of February, at 3.30 p.m.,—wind E.—when it was 30.706 inches; it was lowest at 3.30 p.m., on the 14th December,—wind S.W.—when it was 28.375 inches. The highest temperature of the air during the year was 86.9 degrees of Fahrenheit, on August 11th, and the lowest 11.0 degrees, on December 30th. The greatest quantity of rain which fell in a day (24 hours) was 1.3 inches on the 1st of September—the wind being S.W. The point from which the wind chiefly prevailed was from the W.; it blew from that direction 88 days, with an average pressure of 14.54 lbs. per square foot. The strongest wind was from the W., on the 12th of October, when the pressure was 25 lbs. per square foot.

TABLE VI.—METEOROLOGICAL OBSERVATIONS taken at the Ordnance Survey Office, Phoenix Park, Dublin, in 1870. Height above the sea, 158·8 feet.

EMIGRATION FROM IRISH PORTS IN 1870.

Emigration from Irish Ports.

The number of emigrants who left the Irish ports in 1870, was 75,480, being an increase of 7,925 compared with 1869.

The number of males who emigrated in 1870 was 44,299, being 4,056 more than in the previous year; the females amounted to 31,181, being an increase of 3,869, compared with 1869.

The following Table (VII.) gives the number from each Province, in 1869 and 1870 distinguishing the sexes.

TABLE VII.—The Emigration from each Province during 1869 and 1870.

Emigration
from Irish
Ports.

The succeeding Table is in continuation of one published annually for some years, and contains the number and sex of the Emigrants from each County and Province since the 1st of May, 1851 (the date at which the collection of these Returns at the several Irish Ports was commenced) to the 31st of December, 1870; also the proportion per cent. of the total number of Emigrants who left each County.

TABLE VIII.—Table showing by Counties and Provinces the Number of Emigrants (distinguishing Males and Females) who left Ireland from 1st May, 1851, to 31st December, 1870, and the per-centage from each County.

Number.	PROVINCES AND COUNTIES.	Number of Emigrants from 1st May, 1851, to 31st December, 1870.			Proportion per cent. of Emigrants from each County to the total Emigration.	Number.

EMIGRATION FROM IRISH PORTS IN 1870.

9

The ages of the emigrants are given by provinces, in Table IX., from which it appears that in 1870—76 in every 100 of the persons who left Ireland were between the ages of 15 and 35 years. In 1869 the proportion per cent. for these ages was 77·7 per cent.

Emigration from Irish Ports.

SCUTCHING MILLS.

A Table is given commencing at page 23, showing by Provinces, Counties, Baronies, Parishes and Townlands, the locality of every Mill for scutching Flax; the number of Stocks and Handles in each; and the period, in weeks, during which every Mill was at work, from the 1st of June, 1869, to the 31st of May, 1870. There were 1,518 of these Mills at the time the Statistics were collected (in June, 1870), of which 1,409 were in Ulster,—39 in Leinster,—39 in Munster,—and 31 in Connaught.

The following is the number of Mills, in each year, from 1862 to 1870 inclusive, by Provinces:—

Province.	1862.	1863.	1864.	1865.	1866.	1867.	1868.	1869.	1870.
1. Ulster.	1,307	1,055	1,115	1,314	1,393	1,418	1,420	1,392	1,409
2. Leinster.	13	12	10	44	49	83	47	40	39
3. Munster.	7	10	13	43	39	41	41	41	39
4. Connaught.	5	3	4	26	32	23	34	23	31
IRELAND.	1,660	1,660	1,148	1,426	1,513	1,540	1,542	1,511	1,518

I beg to repeat my respectful acknowledgments for the continued assistance afforded to the Enumerators by the landed proprietors and tenant-farmers of Ireland who furnished the particulars required for these tables. I have also to express my thanks to the several Boards of Guardians by whom the average returns of the produce of the crops have been revised; and to the Metropolitan and Provincial press for making generally known the importance of these Statistics; and it affords me much satisfaction to state to your Excellency that the members of the Royal Irish Constabulary and Metropolitan Police who acted as Enumerators discharged this duty in their usual efficient manner.

I have the honour to be,

Your Excellency's

Very faithful servant,

WILLIAM DONNELLY,

Registrar-General.

GENERAL REGISTER OFFICE,

HENRIETTA-STREET, DUBLIN,

14th February, 1871.

COPY OF FORM used in collecting the RETURNS of MILLS for SCUTCHING FLAX.

FORM D.

County— Barony— Constabulary District— Sub-District—

Returns of all Scutching Mills, whether idle or at work, situated within the Constabulary District, situated to—, showing the Power employed in each Mill, with the Names and Addresses of the Owners.

Description of Power. Water Power? Steam Power? Horse Power? Wind Power?	No. of Stacks and Headings in each Mill.		Stacks.		Owners.		No. of Weeks each Mill was at work between 1st June, 1869, and 31st May, 1870.
	No. of Stacks.	No. of Headings.	Parish.	Townland, or District, if in a Town.	Name.	Address.	

Anglo-Saxon Measure is used, the word "Irish" may be crossed with the pen, and the word "Carrington" substituted at the head of the column. A Carrington Acre is equal to 1A. 1R. 3P. English or Statute Measure.

WILLIAM DONNELLY, Registrar-General.

General Register Office,
5, Henrietta-street, Dublin,
20th October, 1870.

General Register Office,
Henrietta-street, Dublin,
Forthwith, 1870.

GENTLEMEN,

I beg to enclose copies of Returns showing the *estimated average produce* by the English, and also by the Irish Acre, of the various crops grown in 1870, within each Electoral Division of the Union of ——— in order to procure from the Guardians their opinion as to whether the *AVERAGE PRODUCE* per Acre,—obtained by the Enumerators from resident Landholders,—fairly represents the yield of the respective crops.

In case the Guardian signing the Return considers any rate entered upon it to be above or below what it should be, columns are provided in which to insert the corrected rate.

As these Forms may be filled without much trouble, I shall feel much obliged if the Guardians will be so good as to favour me with their opinion respecting the produce of the various crops in their Union, and thus aid in increasing the value of these Returns, which are of so much general importance to the community.

May I request you will be so good as to give directions to the Clerk of your Board to return these Forms to me as soon as possible, as they are required to assist in compiling for publication the Table of estimated average produce of the Crops in 1870.

In case it is inconvenient to obtain the signature of an *Ex-Officio* or *Elected* Guardian, particularly connected with any Electoral Division, the signature of any other Guardian acquainted with the District will be sufficient;—or, if these average rates of produce are discussed and decided upon at a Meeting of the Board, the signature of the Chairman, or of the Clerk, with his approbation, will answer the purpose.

I take this opportunity of expressing my obligations to the many Guardians who have been so kind

as to assist me in the revision of the Returns of the average produce in 1869, and I trust that, on public grounds, I may be excused for soliciting the opinion of your Board on this subject.

Communications to this Office must not be prepaid.

I am, Gentlemen, your faithful servant,

WILLIAM DONNELLY, Registrar-General.

To the Chairmen and Board of Guardians
of the Union of ———

AGRICULTURAL STATISTICS—IRELAND, 1870.

RATES OF PRODUCE.

Union of ——— Electoral Division of ———

RETURN of the AVERAGE RATES OF PRODUCE of the undermentioned Crops, as made by the Constabulary Enumerators, submitted for the opinion of the Guardians of the Union of ———

Crops.	Average Produce as returned by the Constabulary Enumerators.		Corrected Average Produce according to the opinion of the Guardians.	
	For English or Statute Acre.	For Irish Acre.	For English or Statute Acre.	For Irish Acre.
Wheat, in cwt. of 112 lbs.				
Oats, do. do.				
Barley, do. do.				
Rye, do. do.				
Peas, do. do.				
Beans, do. do.				
Potatoes, do. do.				
Turneps, do. do.				
Trucks, in tons, . . .				
English Wheat, do. . .				
Barley, do. . .				
Oats, do. . .				
Peas, do. . .				
Beans, do. . .				
Potatoes, do. . .				
Trucks, in tons, . . .				
Wheat, in cwt. of 112 lbs.				
Rye, do. do. . .				
Peas, do. do. . .				
Beans, do. do. . .				
Potatoes, do. do. . .				
Trucks, in tons, . . .				

In my opinion, the Average Rates of Produce returned by the Constabulary Enumerators for the Electoral Division of ——— are fairly stated, except for those Crops opposite to which no amended Rate is given.

Signature of Guardian ——— Date ———

The Registrar-General requests that the Guardian to whom this Form is forwarded for revision will be so good as to return it to the Clerk of the Union, signed and dated, at his EARLIEST convenience, for transmission to the GENERAL REGISTER OFFICE, DUBLIN.

EMIGRATION.

COST of the FORM used in taking an Account of the Emigrants from the different Ports of Ireland.

RESIDENT RETURNS.

EMIGRATION FROM IRELAND, 1870.

County of ———

Constabulary District of ———

Port of ———

RETURN of all Emigrants and Passengers who left the Port on board the ———, bound for ———, on the ——— day of ———, 1870.
